PANTONE®

Pantone Pastels And Neons Guide Coated & Uncoated

More Colors, More Choices For Graphic Colors That Stand Out

SKU GG1504C

Create more eye-catching, market-driven designs with soft pastels and vibrant neons with 154 pastel and 56 neon specialty spot colors. Expand and enrich your existing Pantone Color Palettes with modern pastels and dynamic neons.

Variety — 154 pastel and 56 neon specialty spot colors to broaden and complement the Pantone Formula Guide.

Versatility — Ideal for adding color into design palettes, mood boards, or product sketches.

Portability — One compact fan deck for easy viewing and portability.

Connectivity — Integration with Pantone Connect for Adobe Creative Cloud, which allows customers to take physical Pantone Colors into digital workflows.

With the Pantone Pastels & Neon Guide Coated & Uncoated, everyone around the world can create color consistently.

Inspiration

Use for the design of logos and branding, marketing materials, packaging, and other print graphics applications.

Creation

Easy on-the-go reference provides a visual representation for Pantone Spot Colors.

Production

Ink formulations help printers accurately achieve Specialty Pantone Spot Colors on printed materials.
